Subject - Grant of an additional bit of land to Mahila Seva Samaj, Basavanguḍi, Bangalore city

---

In Government Order No L 7984-85/Ml 55-40-137 dated 8 May 1941, a piece of land measuring 3124 1/9 square yards or lying between Sri Parvathiamma Boulevard and the Samaja and also the land adjacent to the Samaj towards the south of the building was granted, under section 41(2) of the Mysore City Municipalities Act 1933, to the Mahila Seva Samaja, Basavanguḍi, Bangalore city, subject to the condition that the land would be resumed when the institution ceases to use it for educational purposes and that no building should be put up thereon

The above samaj have requested the Bangalore city Municipal Council that an additional bit of land may be given to them in order to enable them to expand their activities

The Bangalore City Municipal Council have considered their request and have resolved to give the Institution an extent of 145 feet (north to south) by 382 feet (east to west)(including the land already granted to them during 19 from the southern wall of the Samaj to the south, free of cost subject to the condition that the plot should be kept open and that the land should be used as a play ground Kind reference is invited to the sketch showing the area proposed to be granted to the Samaj and the bits of land proposed to be permitted to be used by the City Hockey team and the Bangalore High School The President, Bangalore Ci Municipal Council has, in his forwarding note, pleaded for grant of the bit of land in question to the Samaj for purpose specified

The Shankarapuram Literary Association have protested against the grant of the land in question to the Mahila Samaj and have requested that the entire area should be kept open

The Dewan of Mysore,
BANGALORE

Dear Sir,

I beg to remind you of my interview sometime back in connection with my application to the Municipality for an additional piece of 60 yards of the playground adjacent to the Samaja, as the number of pupils studying in the Samaja has in recent days grown enormously Now that you have been visiting different part of the City accompanied by the Municipal President, I request you kindly to include the Mahila Seva Samaja locality in your programm and visit the playground area on any day that is convenient to you As the present strength of the Samaja is 700, an additional playground is of very urgent need They have already granted 20 yards and only 40 yards more we need It is only for the benefit of women and children that this request is made and I am sure that you understand well the difficulties that the girls are subject to They cannot go and play like boys in a public place I hope the Municipal Council will consider all this and treat this as a special case, even if there is any objection and grant the space required

The government has all along treated the Mahila Seva Samaja with great kindness and sympathy I may quote a few sentences of the government orders made from time to time In the G O No 12183-5, Edn 153-18-47 dated 20-6-1919 says, "The government are of opinion upon a careful consideration of the matter in all its aspects, that the present case is one that requires special treatment outside the rules of the departmental grant-in-aid code" P.T O

"D"

I hope that the Municipal Council also view this appeal in the same way and sanction the grant of 40 yards more I am herewith sending a copy of the report in which there is a short paragraph about the need of the additional playground You may kindly go through it I hope you will kindly bestow your kindest consideration to this question and grant the playground which is needed for children

Dear Sir

With reference to your D O letter No L 1075 dated 1-8-1944, calling for a report on the petition of Honorary Secretary of the Akhila Seva Samaja Basavangudi, for the grant of an additional bit of land, I write to state that the matter came up before the City Improvement Committee who at their meeting held on 16-3-1943 resolved that the strip of land after deducting 60' already granted to Akhila Seva Samaja be equally or proportionately divided among the present six teams and handed over by re-allotment The Municipal Council took up this question on 15-4-1943 and deferred the question for Council inspection Till now this question has not been settled

The President has been requested to expedite further action in the matter

The decision of the Council will be communicated in due course

To

The Minister for Local Self-Government,

Bangalore.

Sir,

We the undersigned residents of the Shankarapuram Literary Association, Bangalore City, regret to note that the Bangalore City Municipal Council has recently resolved to give away a large portion of the Shankarapurma Play ground to the Mahila Seva Samaja upon certain conditions When Shankarapuram Extension was formed this open field from the Basavanagudi North Road to the Shankarapuram First Cross Road was reserved as a lung space and a play ground But in course of time portions of this field have been given away to the Mahila Seva Samaja and the National Education Society of Mysore, in spite of the protests of the people of the areas concerned The Students of several institubions play on this ground and anumber of Sports Clubs also make use of this playground We are firmly of opinion that this playground should be permanantly reserved and maintained as an open field and as a play ground and that no portions of it should in any way be given away to any institution It is therefore our earnest request that the Governemtn of Mysore should be pleased to refuse to accord sanction to the resolution of the Municipal Council and to direct that the entire playground should be keptopen intact and reserved as an open field for purposes of playing open air games

We remain Sir,
Yours faithfully,

LAW DEPARTMENT BANGALORE

SIR

I may be permitted to add that the Mahila Seva Samaj, is a pioneer Institution doing exemplary service for the cause of spread of education among the ladies and children It is a Social Club also affording many facilities to women. The institution runs nursery classes, primary and middle school classes and also High School classes, all of which are being run efficiently. The total number of students in the Institution is 900 It is a growing institution and in the fullness of time, may become a College for women, which is said to be also in contemplation

There is very little space for the School children for games and out-door exercises and for sports and drill

The Maidan or open space between the Mahila Seva Samaj and the National High School was divided into six plots and was previously given to six clubs, one of which was the Hindu Eleven Foot-ball Club which has become defunct The area given to them was 185' x 382' and this was vacant The Mahila Seva Samaj had been pressing for extra grant of land for very many years, and a grant of 60' x 382' was made and sanctioned by Government and possession was given of this area The Samaj again pressed for some extra land, before they could put up their compound wall The Council inspected the place and later passed an unanimous resolution granting a plot of land, 382 East to West, and 145 North to South having regard to the great need of the Samaj This area included land on the North already granted to them

This does not deprive any of the other clubs to which land had been previously given for use only as a play-ground

Even the land for the Samaj is given with the condition that it should be used only for play-ground for children, and would be resumed if the conditions are not satisfied No structure is to be built thereon

I request that Government be pleased to accord sanction to the resolution of the Council

C N Varadarajulu

Honorary President

Extract from the Minutes of the Proceedings of the City Municipal Council, Bangalore held on 15th October 1944 :-

x x x x x

Then Mrs Dwaraka Bai Cadambi moved that the subject relating to the grant of additional land to the Mahila Seva Samaj may be taken up on the Agenda and advanced

There was some discussion on this point whether it may be included in the Agenda and taken up immediately or at a later period Some members were for taking up after the agenda was completed and some others said that it may be included and decided immediately

The President informed the House that this question was pending from a long time for Council Inspection and accordingly the inspection was held on the 15th instant. Of the original six teams which had been given six plots, one team, the Hindu Eleven, had ceased to exist The Council had granted 60 feet of land to the south of the Samaj building for a playground to the Samaj and the authorities of the Samaj had come forward now with a request that this plot of 60 feet would not be enough for them and that they may be given some more land in continuation of the above plot on the south so that they might even enclose the same in a compound and use as playground During the inspection, the Council had opined that the prayer of the Samaj may be granted and the City Hockey Club and the Bangalore High School may be requested to shift to the next plots adjoining theirs on the south This would not disturb the allotment to any of the clubs now in existence

Mr G.Nanjappa seconded the proposition of Mrs Dwarakabai Cadambi that this subject may be included in the Agenda and advanced

Then the above proposition was put to vote and passed, 17 voting For and none against

Then the subject was taken up for discussion

Mrs Dwaraka Bai Cadambi then moved the following resolutions -

1 Resolved, as per opinion expressed during Council Inspection, that an extent of 145'x 382' East to West, including 60' x 382' already granted on 8-10-42(as per G O No L.7984-87/M1 55-40-137 dated 8-5-41) from the south en wall of the Samaj to the south, may be given to the Samaj, free of cost.

2 The City Hockey Club may be permitted to use the plot adjoining the above on the southern side, as marked in the plan

3 The Bangalore High School may be permitted to use the next plot adjoining the above on the southern side, as marked in the plan

4 The Bangalore United Football Club may continue to use the plot dangeroualy previously given to them

5 The remaining two plots may be used by the National High School as hitherto

6 The Samaj should keep the plot open and should not build any structures except a compound wall and the land should be used only as a playground Land will be resumed by the Municipality if the Institution fails and it does not conform to the terms of the grant for purposes of a playground, for the school children of the Samaj

While moving the above, Mrs Dwaraka Bai Cadambi said that it was a noble purpose for which the Samaj was asking for the land and that ot may be given

Mr T P Sharma seconding the above said that the Samaj was expanding in its activities and was in great need of the land applied for

Mr M A Gopalswami Iyengar speaking next said that the file re t

to the subject had not been circulated to the members and they were not in the know of facts of the case The Samaj was no doubt a very good institution and doing very good work But they have to consider about the further grant The Maidan was meant for being kept open when Shankarapuram was formed, but subsequently some portion has been given away to the National High School and some portion to the Samaj and it is only a small plot that left over now, which is being used by several clubs as playground If the Council went on giving away bits out of this, the National High School, which is also a growing Institution would ask for more land. Further, the area now given to the Samaj would suffice for them as they have only two games, tennis and badminto Also the whole area vests in Government and its management is left to the Municipality and so they will not be in order in giving away bits like this.

Mr D. Venkataramanappa endorsing the above views said that the plo had been reserved for a specific purpose, viz., playground and if the Samaj is permitted to enclose within a compound wall then the object would be frustrated. Further, while the adjoining land is used by boys, it was not desirable that girls should be made to use play by their si He suggested that some other plot may be given to the Samaj and not an out of this area He suggested that the subject may again be deferred for Council Inspection.

Mr. G Nanjappa next observed that the matter had already been delayed and there was no meaning in putting it off any more. If the Council unanimously granted the plot to the Samaj the Government woul not come in the way and say no If the National High School also want any more land for playgrounds, they would gladly support that al

Mr. Mirza Azeezulla Beig also supported Mrs. Dwaraka Bai Cadambi and said that the Samaj was doing very good work and deserved all their support. As it would be used by girls, it was necessary to enclose the land in a compound wall except this, there would not be any structure on the land

Mr K.H Naganna also supported and said that as the Samaj wanted the land for playground and would not build any structure except a compound wall, the request may be sanctioned subject to the condition that the right to resume the site whenever required by the Municipalit should vest in the Municipality. They had recommended the grant of 145 feet (including the 60 feet already given) North to South, because 40 feet of land was kept open in case the road from Shankarapuram had to be continued to join the Krishnarajendra Road.

Mr. A.J. Khaleel also supported the resolutions of Mrs. Dwaraka Bai Cadambi and said that the land asked for may be given as it is required only for a playground.

Mr P Sivashankar said that it was the duty of every one to encourage female education and when they were fighting for upliftment of women everywhere, he could not understand why they should come in the way of their physical improvement. He said that if they granted the land unanimously, the Government also would sanction their recommendation

Mr Ramalal Thiwari also supported the above speaker

Mr M K Narayana Iyengar observed that when the 60 feet of land was given it was thought then that that space would be enough But now they want more land This has to be given after investigation and the allotment to the other clubs should also be continued He said that the request of the Samaj may be sanctioned

Mr P C Suryanarayana Rao also said that the request may be sanctioned but the Council should bear in mind that when such open spac were formed before sites were disposed of, it was with the definite understanding that these open spaces would remain as such and so the purchasers of sites had paid heavy amounts for the sites Now if these open spaces are covered up, those purchasers would feel very much and would be affected heavily

Mr B N Gupta also spoke in support of the propositions and said

said that the p iew be granted after cancelling the previous grants.

Then the resolution moved by Mrs Dwaraka Bai Ca ambi was put to vote and passed unanimously

Re Play Gr Shankarpuram

Sir,

In continuation of my several application to the Commissioner City Municipality, Bangalore regarding the play ground for the use of the above club, I wish to bring the following few lines for your kind consideration and favourable orders

I have been applying for a play ground since eight years and have received endorsements informing that our case will be considered and also we have been promised to provide a play ground in Shankarpur or any where in the City Now the New High School ground by the side of the National High School is vacant and we a practising in the same ground by the kind permission of Dr S Paul Chinnappa principal of the New High School from a very long time after effecting certain repairs to the ground costing nearly a sum of Rs 150-

Regarding the club activities I like to state that the club was started in the year 1930 and the strength of the club is 163
